Dear Margaret:

Thank you so much for the wonderful letter. It is a pleasure to receive letters like yours because it is an encouraging "shot in the arm".

My new job is exciting and challenging - something new is happening everyday.

Whenever I am in the Chicago area, I will be sure to contact you. I thoroughly enjoyed meeting all of you and hope to see you again, maybe when you're in Washington.

Thanks for your letter and compliments. I sincerely appreciated it.

With best regards,
